

# PROJECT DEVELOPMENT PHASE

## SPRINT 2

TEAM ID	PNT2022TMID48189
PROJECT NAME	Plasma Donor Application

### Login Page:

If the web application user has already has an account, Then the user is need to login the application. It consists of two fields username and password. After entering the username and password the user will click the login button. If the username and password is valid then the application is moved to the plasma donation stats page.

## Donar Stats Page:

If the entered username and password are not valid a one. Then It sends "Incorrect username/password" message to the web page.

The screenshot shows the login page of a website titled "Plasma Donation". The page has a red header with "Home" and "Logout" links. The main content area is white and features a graphic of a blood bag and a hand being donated. The text "Where Can I Donate PLASMA" is displayed. Below the graphic, there is a "Logo" section with the text "Sign into your account". The login form includes a message "Incorrect username / password !", a "Username" input field, a "Password" input field, and a "login" button. There is also a link "Forgot password?" and a link "Don't have an account? Register here". At the bottom, there are links for "Terms of use" and "Privacy policy".
